

Meet our Governors

Tosin Durojaiye
Parent Governor

Not a Burtonian from birth but it has been great to learn the ways of the town and be part of it and with 2 children attending the Blessed Robert Sutton school, I keep learning each day.

Working in Social housing for the past 12 years and previously in the banking industry for 5 years, have been great training grounds to learn and understand people, skills that are essential in this role whilst my experience gained on being a Board Member, now Vice Chair of the Chartered Institute of Housing West Midlands region and policy lead accentuates how I will contribute strategically to progressing on the objectives and priorities of the school board. Ultimately my goal is to ensure each child is developed holistically (educational, personal and spiritual) to their greatest potential, supporting the Headteacher and staff as best as I possibly can.

I love to cook, watch TV (future job is movie / drama critique) and all things housing. My special interest is to see the school strap line 'Academic excellence, spiritual development and social awareness through Christ' be evident daily.

I have no financial or business interests that would affect my role as a Governor.
