

# Fire Alarms – How we do them!

---

- You are silent from the moment the alarm goes off
- You leave the building sensibly from the nearest exit.
- You leave your bags behind.

DO NOT re-enter the building.

- You follow ALL instructions first time, **without question**
- Put on your coats if it is cold or wet, leave your bags behind.

# Exit routes to the bus park

When the Fire Alarm sounds get out of the building via the nearest fire exit:

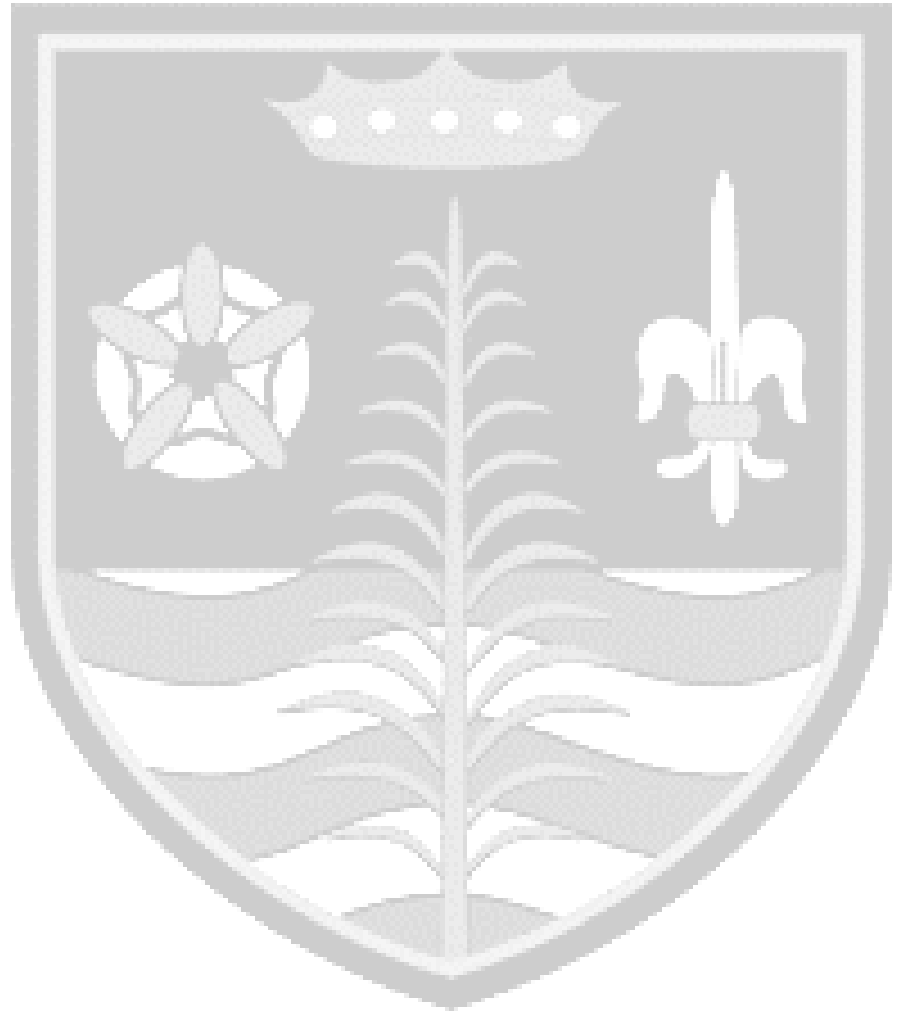

1. From any exit in the Sutton block, proceed to Bluestone Lane, cross with care, and access the Bus Park through the gap in the railings.
2. Groups in A111 and A112 to exit around the rear of the Gym and Sports Hall then along the lane.
3. Students and staff exiting from the front of the Sherwin Block – go along Bluestone Lane to the gap in the railings.
4. Students and staff exiting from the Side Door of the Sherwin Block – go through the Green Gate and over the field to get to the Bus Park.

# Fire Alarms – How we do them!

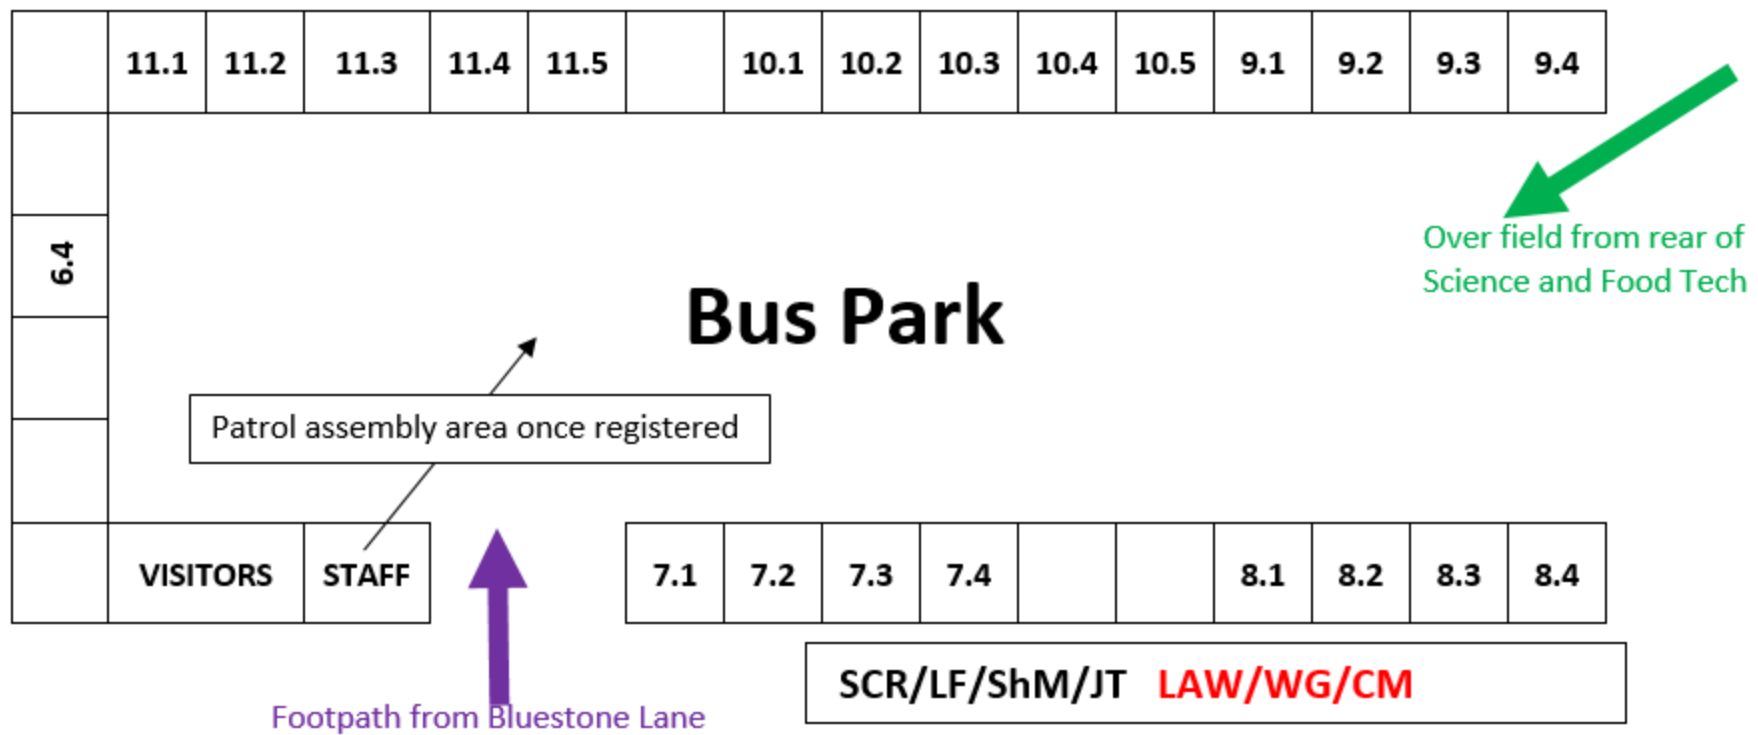

---

- You go straight to your area of the bus park (in silence)
- You stand in SINGLE FILE, in ALPHABETICAL ORDER in your form
- You are SILENT AND STAND STILL until you are told otherwise, facing the front at all times

# Where you stand?

**Students must remain sensibly and silently in their lines until the situation has been deemed safe and Fire Marshall 1 gives the instruction for students to be dismissed back into the buildings, tutor group at a time, in an orderly fashion.**

# Thank you

---

- We must make sure YOU are safe.
- We must complete registers as quick as we can, so we can help anyone in danger.
- We must be able to give instructions quickly and effectively (hence why we need silence).
- We need YOU to be sensible. It allows us to make sure everyone is safe.

*Thank you for your help and cooperation. By working together and us all doing this, in the event of the worst happening we will all know exactly what to do to ensure we can keep EVERYONE safe.*
