

Remote Education Policy for SRSCMAT Schools

Blessed Robert Sutton Catholic Voluntary Academy

1. Statement of Philosophy

The St Ralph Sherwin Catholic Multi Academy Trust strives to be creative and innovative, helping schools to devise robust digital support plans to further support parents and children across the 25 schools within its family. The Trust's Strategic Plan has 5 core aims, within which there is recognition of the importance of remote learning in the current climate of Covid-19, taking into account national and local contexts.

2. Aims

This Remote Education Policy aims to:

- Ensure consistency in the approach to remote learning, through use of quality online and offline resources and teaching videos, for all pupils (including those with SEND) who are not present in school
- Provide clear expectations to members of the school community with regards to the delivery of high quality, interactive remote learning, and where possible, live online teaching or support
- Support the continuous delivery of the school curriculum, as well as motivation for learning, PSHE (Personal, Social and Health Education) and Well-Being, as well as helping parents when children are learning from home
- Consider continued education for staff and parents (e.g. CPD, Supervision and Meet the Teacher)
- Support effective communication between the school and families, including a focus on attendance

3. This policy is applicable when:

- A child is absent because s/he is awaiting test results and the household is required to self-isolate, where the rest of the school bubble is attending school and being taught as normal
- A child's whole bubble is not permitted to attend school because s/he, or another member of the bubble, has tested positive for Covid-19
- An emergency, for example, significant damage to the school building causes the closure of the school building

4. Content and Tools to Deliver This Remote Education Plan

Resources to deliver this Remote Education Plan include:

- Phone calls home
- Printed learning packs

- Physical materials such as story books and writing tools
- Use of Century Tech, BBC Bitesize, Oak Academy, Mymaths, Mathswatchvle, Pearson Active Learning, Tassomai / PiXL

5. Home and School Partnership

Blessed Robert Sutton CVA is committed to working in close partnership with families and recognises that each family is unique; because of this, remote learning may will look different for different families in order to suit their individual needs.

Blessed Robert Sutton CVA will provide a refresher online training session and induction for parents on how to use Microsoft Teams / Firefly as appropriate and, where possible, provide personalised resources.

Where possible, it is beneficial for young people to maintain a regular and familiar routine. Blessed Robert Sutton CVA would recommend that each 'school day' maintains structure: some suggestions for this can be found on our learning platform, Firefly.

We would encourage parents to support their children's work, including finding an appropriate place to work and, to the best of their ability, support pupils with work encouraging them to engage with good levels of concentration.

We recommend that a separate user profile for each child is created on home devices to ensure any files (word processed documents, presentations etc.) are kept safe and secure. Where you have been provided with a username/email and password for your child, please always encourage them to use these credentials when completing any work. Please do not share these credentials with anyone, including other children in the family.

Every effort will be made by staff to ensure that work is set promptly. Should accessing work be an issue, parents should contact school promptly and alternative solutions may be available. These will be discussed on a case-by-case basis.

In line with Blessed Robert Sutton CVA's 'digital charter' we would encourage parents to follow the 'digital 5 a day' framework which provides practical steps to support a healthy and balanced digital diet.

All children sign an 'Acceptable Use Policy' at school which includes e-safety rules; this applies when children are working on computers at home.
